THERMOSTAT**

ELECTRIC GAS

7 Day Programmable

1 Heat / 1 Cool

Affordable Comfort Control

The Robertshaw 9610 programmable thermostat is the perfect solution to keeping your home comfortable year-round. Not only that, setting back your thermostat twice each day can reduce energy costs up to 25%. **Set it and save.** Today's busy lifestyle demands hands-free temperature control, and with a programmable thermostat, you've got it. In QuickSet™ mode, set seven daily programs for summer and winter all at once. Individual days can be customized to match any lifestyle. You will always come home to a comfortable setting, and you'll save energy without even thinking about it.

The 9610 is compatible with all standard 24 Volt AC heating and cooling systems, including single stage heat pump systems.

When you select a Robertshaw thermostat, you've made the choice of an industry partner that's been making quality products for 100 years. Come home to affordable comfort. Come home to Robertshaw™.

Features and Benefits

Automatic Compressor Short Cycle Protection

A system safeguard. Reduces wear and tear of HVAC equipment.

7-Day Programming

Seven separate daily programs with four time and temperature changes per day allow maximum flexibility. QuickSet™

Allows 7 days to be programmed all at once.

Adjustable Temperature Differential

Maintains optimal customer comfort.

Temporary Program Override

Allows for manual temperature adjustment.

Low Temperature Protection

Heat turns on when temperature goes below 40°F.

Protects pipes from freezing.

Toll-Free Assistance

Toll-Free Technical Service number printed right on

<http://www.thermostatsales.com>

Toll-Free Technical Service number printed right on the thermostat provides immediate assistance.

O & B Terminals

Greater system flexibility, zoning compatible.

Quick Wire Terminal Block

Fast and easy installation. Uses sturdy wire clamps—no wrap-around of screws.
